

## Emotional Quotient Inventory 2.0 / Emotional Quotient Inventory 360 Information and Consent Form

As part of the coaching process, you have agreed to the process of assessing your own emotional intelligence by completing the EQ-I 2.0 or the EQ-i 360 inventory and receiving feedback from your coach, a qualified professional, who will contact you to arrange a follow-up interview.

### Confidentiality

Your results (test protocol and reports) are viewed only by those responsible for their preparation and for delivery of feedback to you. All information is regarded as confidential. Following your feedback session, the coach's copy of your printed report will either be shredded or placed in your file in a locked environment. Your results are maintained in Multi-Health System's database, strictly on an anonymous basis, for use in any future research that would involve the EQ-i 2.0 or EQ-i 360.

All information shared with your coach is confidential and subject to rules regarding privileged communication between a qualified professional and client. If any aspect of your results is discussed with others who are not directly involved in the provision of feedback, such as for consultations or teaching purposes, no identifying information is disclosed.

### Exceptions to Confidentiality

There are five situations in which reporting is compulsory by law:

1. Suspicious of child abuse,
2. Indication of intent to commit suicide or physically harm others,
3. Indication of previous or present sexual abuse by any other Regulated health Professional,
4. Subpoena by the court, and
5. Fraudulent use of government-issued identification.

By signing below, you indicate your understanding and acceptance of the above information and you agree to permit **Richard Best** to view the results generated from your responses to the EQ-i 2.0 or EQ-i 360.
